Requested Action	DISCUSSION ITEM FOR THE MOBILITY MASTER PLAN (MMP)	
Contact Person	Jeffrey Carroll, Director Engineering & Mobility Department	
Background Information	<p>The Mobility Master Plan (MMP) is a long-range plan that seeks to create a safer, more accessible, and more efficient transportation network that improves the quality of life for Boerne residents. This plan includes the collaboration of a variety of jurisdictions and organizations as well as an extensive public involvement process used to identify transportation goals, future projects, and policies as the City of Boerne continues to grow. The MMP process used alternative scenarios to plan for capital projects to be implemented within the next 10-15 years in Boerne. This MMP report documents the development process, outlines the goals and projects identified as a result, details recommended policies as well as serves as an implementation plan for future development.</p>
