**Subject:** Request for City Ordinance for RM 474 (1042-1) Speed Zone Approval

Good morning.

An engineering and traffic investigation has been conducted as required by the Transportation Code Sec. 545.353, Authority of Texas Transportation Commission to establish speed limits for the above-referenced sections of highway. The related strip map is attached.

The strip map reflects extending the existing 35 mph zone on RM 474 northwardly to Adler Street and establishing a 25 mph school zone in the vicinity of Greyhound Lane.

Please proceed with obtaining a City Ordinance for the proposed speed zones and forward the executed ordinance to my attention. A sample ordinance is attached for your convenience.  
Kindly provide the date that this will be reviewed by the City Council and forward a copy of the ordinance to my attention upon execution.

Feel free to contact me if you have any questions regarding this request.

Thank you.
