Unless Brandt was the engineer of record for the existing system design under a prior and separate construction/design-build contract or system design is expressly included within the scope of the Proposal (and, in either case, to the extent of that design), Customer acknowledges and stipulates that Brandt did not select, advise Customer regarding, engineer, design or install the system, equipment or any component part thereof to be maintained under this Contract. Accordingly, Brandt shall not be liable in any capacity, under any theory of recovery for any claims or damages related to or originating from prior or existing defects, deficiencies, injuries, or damage (whether to the system, equipment or Property) associated therewith or as a result of prior ineffective maintenance. The parties agree that the arbitration will be commenced within sixty (60) days of occurrence of the meeting of executive representatives. This Contract shall be governed by the laws of the State of Texas without regard to conflicts of laws principles.
