EXHIBIT "A"

City of Boerne Transportation Improvement Projects for the Alamo Area Metropolitan Planning Organization FY 2027-2030 Transportation Improvement Program

Priority	Project Name		Description
Transportation Alternatives			
1	Citywide sidewalk projects		Construct concrete sidewalk along portions of Bentwood Drive, Frey Street, Herff Road, Garden Street, City Park Road, Schweppe Street, W. Hosack Street, and W. Theissen Street. In addition, construct an approximate 500-foot extension of the No. 9 shared-use path north of Garden Street.
Surface Transportation Block Grant			
2	Cascade Cavern		The project is a modification of the previously selected MPO project that expands portions of Cascade Cavern, Old San Antonio, and Scenic Loop roadways and improves intersections to improve traffic flow and safety.
3	Old San Antonio Road		The project includes improvements for the intersection of Herff Road and Old San Antonio Road. Project will include new turn lanes for the intersection as described in Boerne's Mobility Master Plan as well as Menger Creek bridge and drainage improvements such that the intersection and Old San Antonio travel roadway is removed from the 100-year floodplain.
