

## 265 N. Main, Boerne, TX 78006 – Fence Permit Application / Scope of Work for ALL Fences

### Replacement of existing fence on South border with new fence and addition of fence on North border:

From South corner and Main St. all the way to the front corner of the office (as shown on the site plan highlighted in light orange), will be a rock retaining wall with 2x4” metal fence paneling on top and cedar boards to hold the metal in place (stained in Behr “Padre Brown” to match the fence on the North border as pictured below (also highlighted in light orange on the site plan) :

From South border front office corner to back corner of South border (as shown on the site plan highlighted in light blue), will be a 6’ privacy fence to be built as pictured below using the following materials and stained Behr “Padre Brown” to match existing cedar fences on property:

- 1”x4”x6’ cedar vertical cedar boards

- 2"x6"x6' cedar boards horizontal (as toppers)
- 1"x2"x6' cedar boards horizontal as trim (under the toppers)
- Galvanized metal posts for stabilization
- Treated wood base

(What this fence will look like plus

stain)

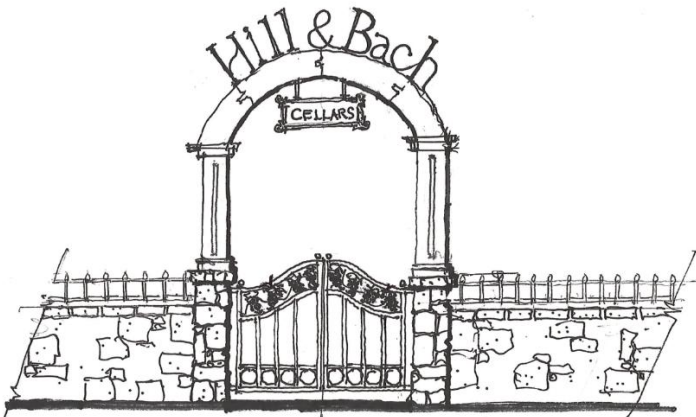

(What the fence

currently looks like – and it is falling down / warped in numerous places)

**Along Main Street (West border)** will be a rock and decorative wrought iron fence as pictured below (and highlighted in pink on the site plan) :

There will also be a custom arched entry way made of rock and decorative wrought iron as sketched below:

**Interior fences** (highlighted in yellow on the site plan) will be a fence made of rock pillars and horizontal 4"x4" cedar posts (stained in Behr "Padre Brown") as pictured below:
