Hi Mike,

I spoke with Apple Financial Services. The 2013 lease for 15 iPads expired in September so you have moved to a month-to-month automatically.

AFS will be emailing your end of term paperwork with a quote for buyout. I have included a new lease quote for 25 iPad Air 2's Wifi + Cellular 64GB and AppleCare +.

The lease quote below includes a current promotion from AFS called the "iPad 80%". Its a savings of 20% of the overall cost on a 24 Month/FMV iPad lease.
