Rebecca, yes we would like to request another extension.

Thanks,

Bjorn P. Boentges, PE, CFM

[EXTERNAL EMAIL]

Bjorn,

The 30-day time extension was granted at the last P&Z meeting on December 6. This item will need to go back to the P&Z for consideration of the plat or another 30-day time extension. We have not received a resubmittal to address the comments sent on 12/3/2021. Would you like to request another 30-day time extension? By our code we need to receive a resubmittal at least 14 days before the P&Z meeting date for it to be considered on the agenda. For the January meeting, the deadline was yesterday. It is too late to submit a resubmittal to be considered. Please let me know what you would like to do.

Thank you,
Rebecca
