<b>Background Information</b>	<p>The Planning and Zoning Commission recommended approval of the rezoning by a 6-0 vote.</p> <p>The property is currently zoned C1 commercial zoning. The developer is in the process of subdividing the property into 12 lots for residential use. The C1 zoning does allow residential uses, but it still leaves open the opportunity for commercial use. When the developer presented the plat for a residential subdivision, the Planning and Zoning Commission requested that the developer rezone the property for a zoning reflective of the intended use.</p>

	<p>The request for an R1-M, Medium Density Residential District zoning will allow for residential lots 7,800 sf and larger. The Future Land Use Plan identifies this area as Transitional Residential which is supported by the R1-M zoning. The rezoning will bring the property into conformance with the Land Use Plan and provide certainty of the uses within the proposed subdivision.</p> <p>The applicant and his representative attended the BOND meeting held on June 21st. There were no neighbors present. A report about the meeting was added to this package.</p>
