SUMMARY	<p>The owner has asked to run both requests concurrently at the P&Z stage, but we will hold off until the zoning is complete to make the request for the Use. That is the reason I've added the suggestion to make the approval contingent upon the rezoning. The owner has the property under contract with the Grivells who run a damage restoration business which provides restoration construction for insurance damages. The use is categorized as a "Contractor" and does require approval in a B-2 district. They do not plan to make any changes to the property and are aware that when the property is rezoned to commercial that we will apply the Entrance Corridor Overlay District to it.</p> <p>Staff is supportive of this request contingent upon the rezoning to B-2.</p>
