RE: FY 2016-2017 Proposed Budget

Attached for your review is the City of Boerne's Proposed Budget for the fiscal year 2016 - 2017. This budget outlines the programs and services to be provided by the City during the coming year.

Ongoing projects that were funded in FY 2015 that will address traffic and growth issues for the City include two TxDOT roadway projects; IH 10 frontage road expansion and Scenic Loop Road/Cascade Caverns Road and Bridge improvements. The IH 10 frontage road expansion should be completed in early FY 2017. The Scenic Loop Road/ Cascade Caverns Road is scheduled for completion in FY 2018. In FY 2016 the City was approved for a TAPPS grant for expansion of our trails system. The City is providing \$1.1 million in matching funds for the project. This Trails Expansion Project is in the easement acquisition and planning stages and will take several years to complete.

Major projects included in the FY 2017 budget are roadway improvements to City Lake Park, extension of the pavers at Veteran's Park, next phase of electric utility pole replacement and reconductoring, installation of disinfectant bi-product (DBP) removal equipment at the water treatment plant and Highlands water tank, water main replacement on Richter St. and wastewater main replacement on Oak Park. In addition to these major projects, the FY 2017 budget includes the addition of a Property Room Tech for the Police Department, a Probationary Dispatcher, Parks Service Worker I and Construction Foreman for Public Works. This brings the total authorized full time positions for the City to 244.

This budget has been prepared based on no increase to the ad valorem tax rate of \$0.4720/\$100 valuation. The last tax rate increase was \$0.02 in FY 2013 and was related to the issuance of the 2007 Quality of Life Bonds. The tax rate is broken down into the Debt Service Tax Rate of 12.94 cents and the Maintenance and Operations Tax Rate of 34.26 cents for FY 2016-2017.

The only City utility with a budgeted rate increase is the Water utility. The anticipated increase is 1.25% which will generate approximately \$55,000 and is due to the increase in the cost of water purchased from GBRA.

The American Public Power Association (APPA) states:

*The goal of public utility governance is not profit maximization, at least in the traditional sense of providing a monetary return for corporate stockholders. Nonprofit utilities, however, must perform much like their corporate competitors in that sufficient revenues must be generated to:*

- *cover the cost of operations*
- *meet debt service requirements and fund growing infrastructure and technology needs*
- *provide service that is highly reliable and responsive*
- *support compensation plans sufficient to attract and retain skilled managerial and high-tech workers*
- *sustain the organization's financial stability by meeting standards for liquidity, funding necessary reserves, and protecting against risk.*

Staff is focused on these priorities and believes the proposed budget will accomplish these goals.

The budget for General Governmental funds totals \$24,498,813, with the General Fund making up \$15,442,271 or 63% of that total. The budget for Utilities totals \$38,417,171. The Utilities budget includes the balance of the 2010 Wastewater Revenue Bond Construction that is funding some new Wastewater projects. The combined total budget amounts to \$63,760,908.

We believe these documents reflect all the items discussed previously during budget workshops and constitute a sound financial plan to address the current and future growth occurring in Boerne while maintaining service levels our citizens have come to expect.

As a reminder, this budget is a work-in-progress and as Council directs, changes can be made until the final adopted budget takes effect on October 1, 2016.

## FY 2017 Proposed Budget Highlights

### Overview

The combined total budget for the City is \$63,760,908. The budget for General Government funds totals \$24,498,813 with the General Fund making up \$15,442,271 or 63% of that total. The budget for Utilities totals \$38,417,171.

**City Property Tax Rate:** The City's proposed tax rate is 47.2 cents per \$100 valuation. In 2007, voters approved the issuance of \$21.4 million in Quality of Life bonds. It was projected at the time of approval that the tax rate would increase 6 cents to cover the debt service on the bonds. The only increase in tax rates tied to the bonds was in FY 2013 when rates were increased by 2 cents.

**Fiscal Management:** The City Council and Staff are committed to prudent fiscal management and transparency. The illustration below shows how a dollar of property tax is spent by the City.

## FY 2017 Proposed Budget Highlights

---

### **Personnel:**

- Cost of Living Adjustment (COLA) of 2% effective October 1
- Bonus/Merit pool available 2.5% effective October 1
- Increases City participation in cost of health insurance by 5%
- Includes addition of 4 full time and 1 part time employees

### **PUBLIC SAFETY**

**Police:** The Police Department has a total proposed budget of \$4,824,042 and comprises 31.2% of the General Fund Budget. The proposed budget includes the addition of a Property Room Tech, the purchase of 3 new vehicles and various equipment.

**Fire:** The Fire Department has a total proposed budget of \$1,872,224 which is 12.1% of the General Fund Budget. The proposed budget includes the addition of a part-time firefighter and the purchase of a Command / First Responder vehicle which will be used instead of a firetruck for first responder call outs.

**Streets:** During FY 2015, the City provided matching funds for two TxDOT roadway projects; IH 10 frontage road expansion (\$790,000) and Scenic Loop Road/Cascade Caverns Road and bridge improvements (\$550,000) that will help to address traffic and growth issues for the City. Construction on these projects will continue into FY 2017. The FY 2017 budget includes the purchase of an Asphalt Distributor (\$170,000) and funding for new sidewalks (\$200,000).

### **Administration:**

- Economic Development – Follow-up on the SoBo and Downtown work sessions conducted by Gateway Planning and Catalyst Commercial with potential adjustment to ordinances as necessary to continue community vision for south Boerne. Move forward with Main St. to Christus Parkway connector.
- City Hall – Complete design and move toward construction of a new city hall on the City Campus site with completion over the next few years.

**Parks:** The budget includes funding for City Lake Park access improvements (\$75,000) and extension of the pavers at Veteran's Park.

**Cemetery:** Funds are budgeted to repair and reseal the road and driveways. The City is reviewing a potential site to add a second cemetery as the existing cemetery has approximately 5-6 years of lots left.

## FY 2017 Proposed Budget Highlights

---

### UTILITIES

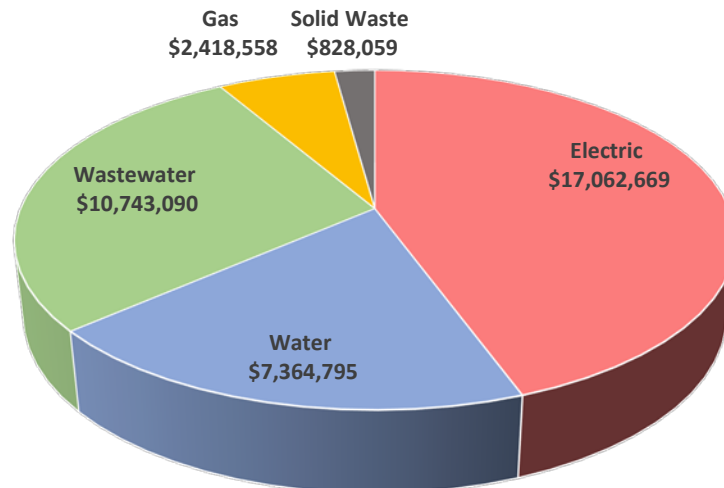

#### *Electric - Water - Wastewater - Gas - Solid Waste*

Personnel: The budget includes hiring a Construction Foreman for the Water, Wastewater and Gas utilities.

Capital: The budget includes funds for the next phase of the electric pole replacement and reconductoring (\$650,000), purchase a backyard digger (\$200,000), purchase disinfectant bi-product (DBP) removal equipment for the water plant and Highland water tank (\$312,059), replace a water main on Richter St. (\$200,000) and replace a wastewater main on Oak Park (\$135,000).

A 1.25% increase in Water rates is included in the budget that will increase revenues approximately \$55,000. This rate increase is necessary to cover the increase in the cost of GBRA water.

### UTILITY FUNDS **\$38,417,171**

CITY OF BOERNE  
GLOSSARY  
2016-2017 BUDGET

The Annual Budgets contain specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of this document in understanding these terms, a budget glossary has been developed.

APPROPRIATION - An authorization made by the City Council through an approved budget which permits the City to incur obligations and to make expenditures of resources. Appropriations lapse at the end of the fiscal year.

ASSESSED VALUATION - A valuation set upon real estate or other property by the County Appraisal District to be used as a basis for levying taxes.

BOND - A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BUDGET - A plan of operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

CAPITAL BUDGET - A plan of proposed expenditures for major improvements, equipment, vehicles, or machinery that results in the acquisition of assets with a useful life of more than one year.

DEBT SERVICE - The City's obligation to pay principal and interest on bonded debt according to a predetermined payment schedule.

DELINQUENT TAXES - Taxes that remain unpaid after the date on which a penalty for nonpayment is attached. Tax statements are mailed out in October and become delinquent if unpaid by January 31st.

DEPARTMENT - A specific functional area within the organization.

DEPRECIATION - The process of estimating and recording the expired useful life of a fixed asset which is used to distribute its cost over its revenue producing years.

EFFECTIVE TAX RATE – State law in Texas prescribes a formula for calculating the effective tax rate for cities. The net effect of the formula is to provide a tax rate that goes down when property values rise (and vice versa) to generate a rate that produces approximately the same revenue as the year before. The formula makes adjustments for additional debt service, newly annexed property and newly constructed property. If the proposed tax rate exceeds the effective tax rate, State law requires that special notices must be posted and published. If the increase is more than 8%, the increase above 8% is subject to a possible rollback election by the voters.

ENTERPRISE FUND - A fund established to finance and account for operations (1) that are financed and operated in a manner similar to private business enterprises -where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purpose.

EXPENDITURES - If the accounts are kept on the accrual basis this term designates total charges incurred, whether paid or unpaid, including expenses, provision for retirement of debt not reported as liability of the fund from which retired, and capital outlays. If accounts are kept on the cash basis, the term covers only actual disbursements for these purposes.

EXPENSE - Charges incurred, whether paid or unpaid, for operation, maintenance, and interest, and other charges which are presumed to benefit the current fiscal period. Legal provisions sometimes make it necessary to treat as expenses charges whose benefits extend over future periods.

FISCAL YEAR - An accounting period, typically twelve months, to which the annual budget applies and at the end of which a city determines its financial position and results of operations. The City's fiscal year is October 1 through September 30.

FIXED ASSETS - Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

FUND - An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on in accordance with special regulations, restrictions, or limitations.

FUND BALANCE - The excess of a fund's assets over its liabilities.

GENERAL FUND - The fund that is available for any legal authorized purpose and which is therefore used to account for all revenues and all activities except those required to be accounted for in another fund. Note: The General Fund is used to finance the ordinary operations of a governmental unit.

GENERAL OBLIGATION DEBT - Tax supported bonded debt which is backed by the full faith and credit of the City. In Texas, G.O. bonds must be authorized by public referendum.

GOAL - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless; that is, it is not concerned with a specific achievement in a given period.

PERSONNEL EXPENDITURES - For the purpose of budgeting, this term refers to all wages and related items: regular pay, longevity pay, social security, life insurance, retirement plan contributions and health insurance.

PROPERTY TAXES - Used to describe all revenue received in a period from current taxes and delinquent taxes. Property taxes are levied on both real and personal property according to the property's valuation and the tax rate.

REVENUE - The yield of taxes and other monetary resources that the City collects and receives into the treasury for public use.

REVENUE BONDS - Bonds of the City which are supported by the revenue generating capacity of the electric, water, wastewater and gas systems.

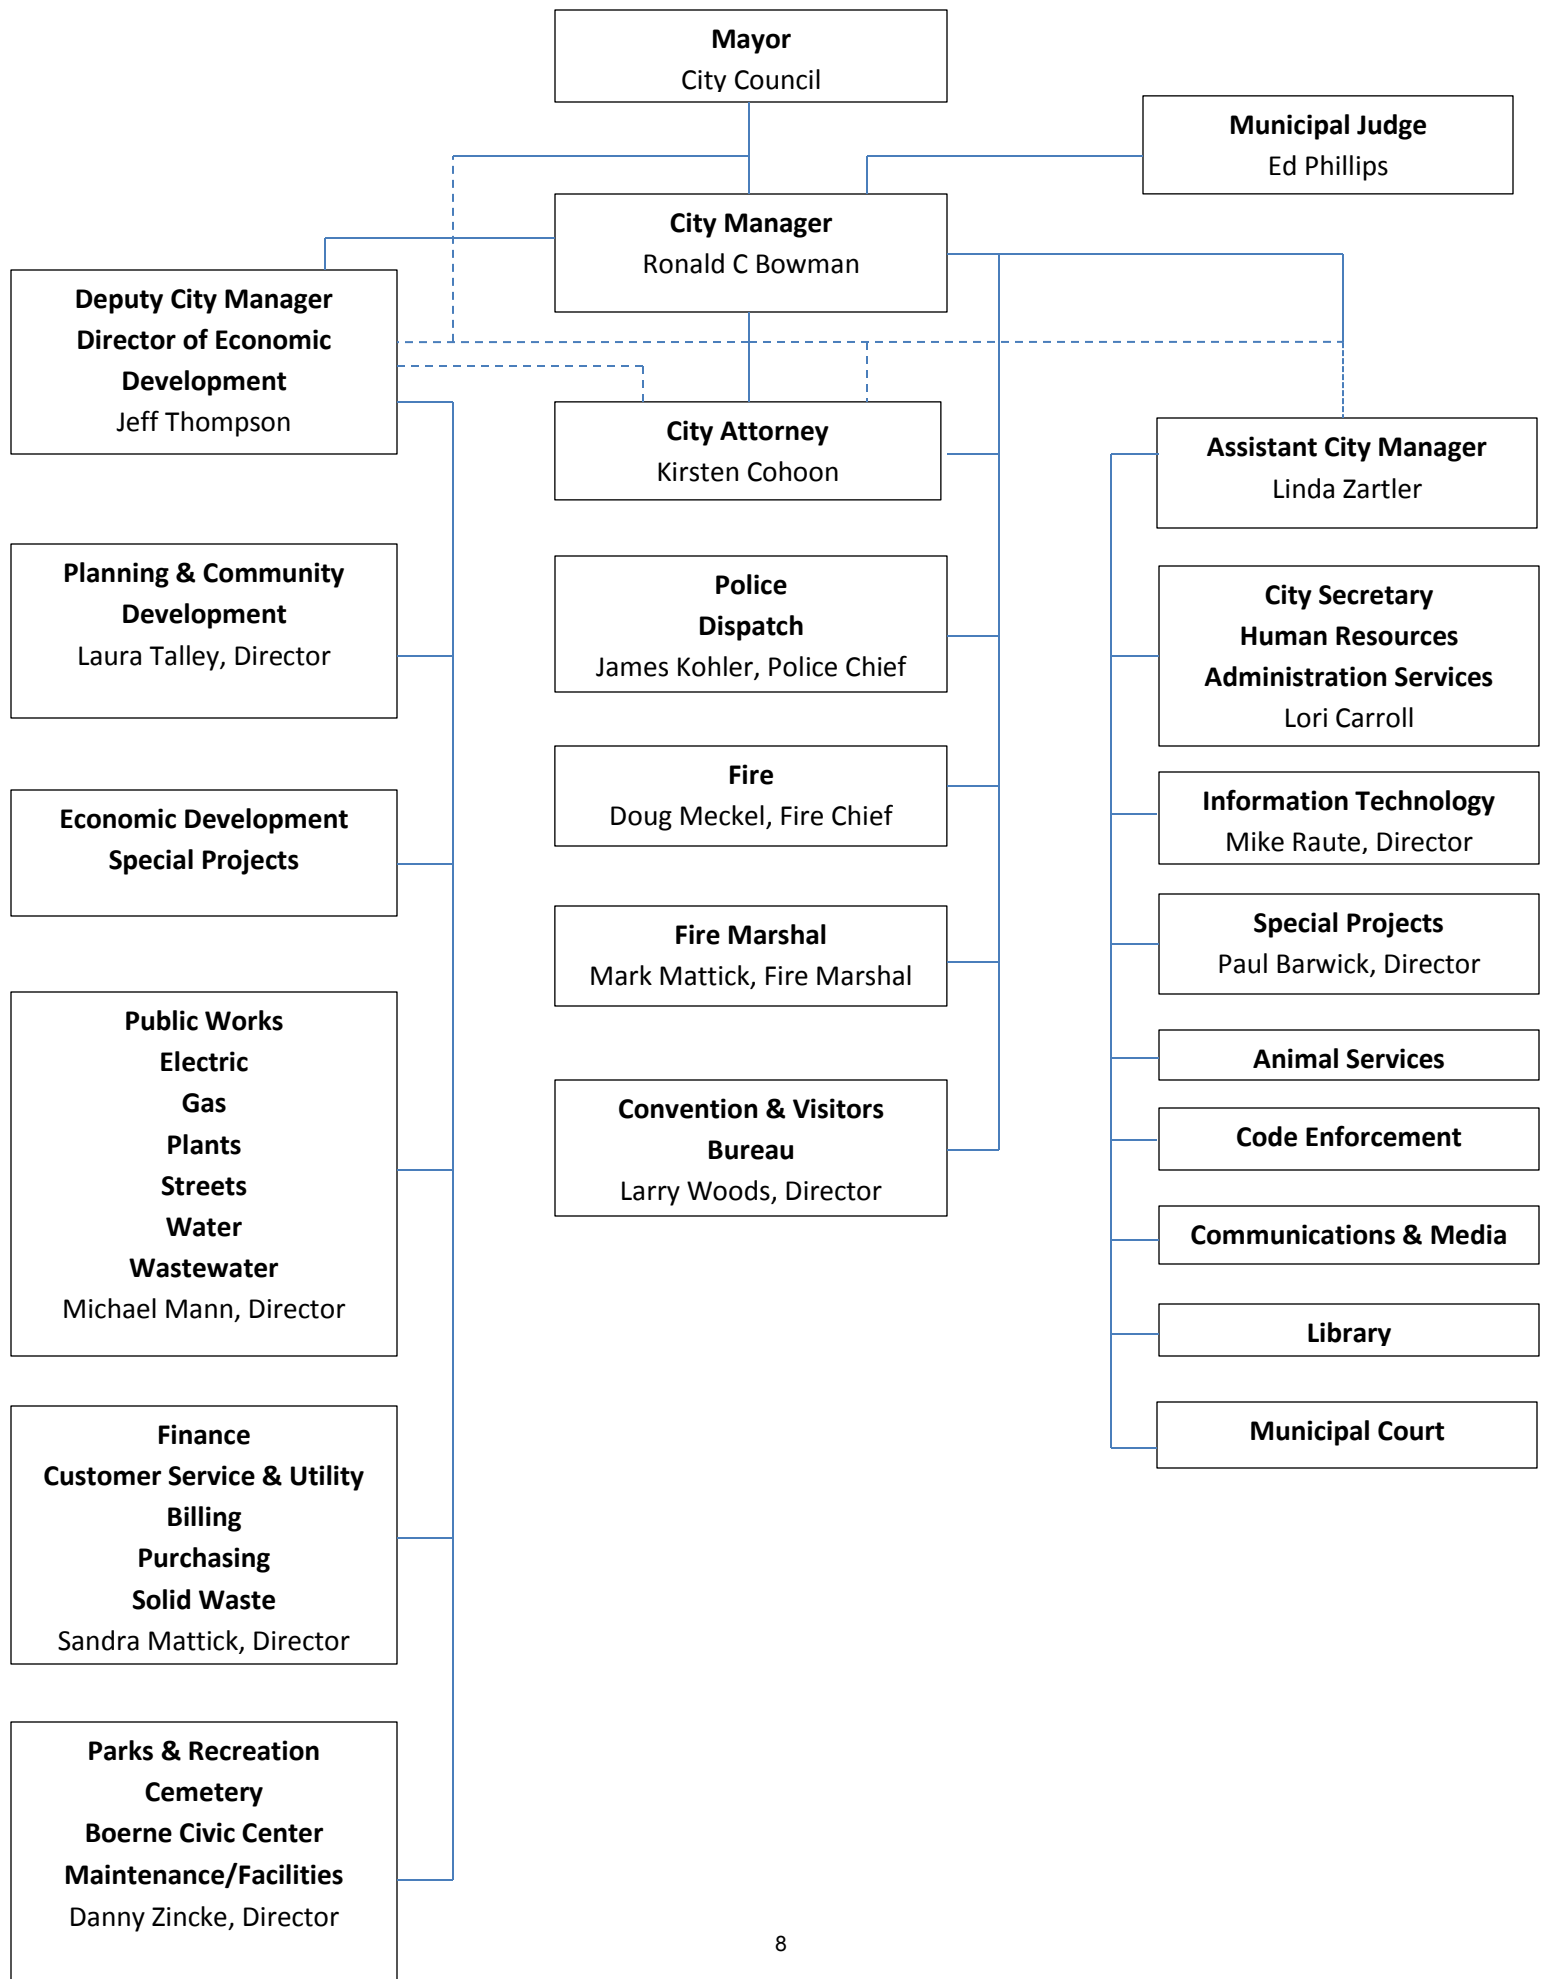

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditure for specified purposes.

TAX BASE - The total value of all real, person and mineral property in the City as of January 1st of each year, as certified by the County Appraisal Board. The tax base represents net value after all exemptions.

TAX RATE - Total tax rate is set by Council and is made up of two components: debt service and operations rates. It is the amount levied for each \$100 of assessed valuation.

TAX ROLL - The official list showing the amount of taxes levied against each taxpayer or property.

TRANSMITTAL LETTER - A general discussion of the proposed budget presented in writing as a part of the budget document. This letter explains principal budget issues against the background of financial experience in recent years.
