Dear Mario,

As you will remember, the City of Boerne hosted a Joint Transportation meeting on May 21, 2015, where the Kendall County Commissioners Court, the BISD school board, and your staff members met. At the meeting, you stated that the Texas Department of Transportation (TxDOT) began initial studies identifying potential routes to address increasing traffic and associated congestion. You encouraged the County, City and TxDOT to partner and address the demands being caused by the increase in area population and vehicle usage and to look at the future transportation needs of the community. In response to that, both the Boerne City Council and Kendall County Commissioners Court passed resolutions requesting that efforts by all three entities resume planning to determine viable transportation corridors to accommodate the anticipated growth in the region. Those resolutions are attached for your information.

We look forward to the three entities working cooperatively on this endeavor as we have so successfully done in recent months on Highway 46 East, the IH 10 Frontage Road, and the IH 10 at Scenic Loop Projects.

Thank you again for your cooperation and guidance.

Sincerely,

Michael D. Schultz
Mayor, City of Boerne
