SUMMARY	<p>During the last six months, library staff and volunteers have continued to provide the community with excellent programming and innovative services. Though some of the faces have changed in the library, our dedication to customer service has not waned. Use of the library continues to rise.</p> <p>Our largest program of the year, summer learning odyssey, served all ages and learning styles with the addition of an online-based reading program and nearly 125 programs in the months of June and July. The Boerne Public Library Foundation helped us once again provide amazing opportunities for the community, including three GeekBus visits and multiple performers.</p> <p>We continue to add and enhance digital resources and assistance with 5 scheduled tech hours per week.</p> <p>We continue to work with organizations to bring in new programs for all ages and the underserved. The Friends of the Boerne Public Library assisted us with funding for once monthly Science, Technology, Reading, Engineering, Art, Math (STREAM) programs for kids.</p> <p>The PHPL's strategic plan ended in June 2016. Staff began in late 2015 gathering as much information about what the community wants from the library in the next three years. We asked questions of our stakeholder groups and gathered 410 unique responses to a library services and customer satisfaction survey. The updated plan focuses on three priorities; two already addressed in the previous plan: lifelong learning and reading, viewing and listening for pleasure. Another priority for the community is working in a quiet, comfortable space. The plan will serve as a guide for the next three years and is streamlined, easily measured and relevant to the community.</p>
