### STAFF'S RECOMMENDED ACTION (be specific)

Public hearing. No action necessary.

### DEPARTMENT

Planning and Community Development

### CONTACT PERSON

Laura Talley

### SUMMARY

This is the final step in fulfilling the SoBo plan. The SoBo Overlay District will be applied over the underlying B-2 zoning and will establish character zones which regulate architectural design, site development, parking and circulation criteria. The SoBo Overlay District will create a unique area for development along this southern entrance into Boerne.

Staff contemplated rezoning the area or providing an overlay district. With an overlay district we can regulate the appearance of the area and with the Regulating Plan we can direct where certain uses should go. The Overlay with the Regulating Plan provides the standards for each Character Zone establishing recommended use and required building form standards including standards for functional site design, parking and circulation.

The Overlay provides regulations for design, circulation and lot layouts that focus on a pedestrian friendly, walkable area. It is proposed to be a dense development, both commercially and

	<p>residentially. We already have provisions within the ordinance that encourage the use of the creek as a feature. It is our hope that all of this will draw the types of uses that we had envisioned for this area.</p> <p>The Planning and Zoning Commission voted 8-0 in favor of the overlay district.</p>
