SUMMARY	<p>This property was recently annexed and permanently zoned MU-2, Mixed-Use Community District. Now that it has a commercial zoning district, we may apply the Entrance Corridor Overlay District to the property. If improvements are made in the future, the Entrance Corridor design and landscape standards can be enforced. The Entrance Corridor design criteria provides additional landscaping and screening as well as enhanced building design standards.</p> <p>There are no current plans for development of the property. Staff is supportive of the application of the Overlay District.</p>
