## BUDGET MESSAGE

August 29, 2017

TO: Honorable Mayor and Council Members

FROM: Ron Bowman, City Manager  
Jeff Thompson, Deputy City Manager  
Linda Zartler, Assistant City Manager  
Sandra Mattick, CPA, CGFO, Director of Finance

RE: FY 2017-2018 Proposed Budget

Attached for your review is the City of Boerne's Proposed Budget for the fiscal year 2017 - 2018. This budget outlines the programs and services to be provided by the City during the coming year.

Ongoing projects that were funded in FY 2015 that will address traffic and growth issues for the City include two TxDOT roadway projects; IH 10 frontage road expansion and Scenic Loop Road/Cascade Caverns Road and Bridge improvements. The IH 10 frontage road expansion should be completed in early FY 2018. The Scenic Loop Road/ Cascade Caverns Road is scheduled for completion in FY 2018. In FY 2016 the City was approved for a TAPPS grant for expansion of our trails system. The City is providing \$1.1 million in matching funds for the project. This Trails Expansion Project is in the design stage and will take another year to complete.

Major projects included in the FY 2018 budget are improvements to the City pool, completion of the next phase of electric utility pole replacement and reconductoring, a water main replacement on Richter St., and wastewater main replacement on Oak Park. In addition to these major projects, the FY 2018 budget includes the addition of a Street Service Worker, a Police Officer, a Communications Specialist, an Assistant City Manager, a Firefighter and a Construction Inspector for Public Works. This brings the total authorized full time positions for the City to 250.

This budget has been prepared with no increase to the ad valorem tax rate of \$0.4720/\$100 valuation. The last tax rate increase was \$0.02 in FY 2013 and was related to the issuance of the 2007 Quality of Life Bonds. The tax rate is broken down into the Debt Service Tax Rate of 11.35 cents and the Maintenance and Operations Tax Rate of 35.85 cents for FY 2017-2018.

The Electric, Wastewater and Gas utilities each have a budgeted rate increase of 1.56% to cover increasing maintenance and operations costs. The Water

utility has a budgeted rate increase which will generate approximately \$200,000 and is due to the increase in the cost of water purchased from GBRA and additional testing requirements by TCEQ.

The City's pension plan with Texas Municipal Retirement System (TMRS) continues to be well funded. The City's Net Pension Liability as a Percentage of Covered Payroll decreased from 126.04% to 124.58% and Percentage of Total Pension Liability funded increased from 69.48% to 70.80%. The City is budgeted to fund slightly in excess of our minimum required funding for FY 2017 – 2018. TMRS is recognized for the strength of the system as a whole.

The budget for General Governmental funds totals \$37,314,267, with the General Fund making up \$16,649,548 or 44.6% of that total. The budget for Utilities totals \$38,657,351. The Utilities budget includes the balance of the 2010 Wastewater Revenue Bond Construction that is funding some new Wastewater projects. The combined total budget amounts to \$76,877,320.

We believe these documents constitute a sound financial plan to address the current and future growth occurring in Boerne while maintaining service levels our citizens have come to expect.

As a reminder, this budget is a work-in-progress and as Council directs, changes can be made until the final adopted budget takes effect on October 1, 2017.

CITY OF BOERNE  
GLOSSARY  
2017-2018 BUDGET

The Annual Budgets contain specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of this document in understanding these terms, a budget glossary has been developed.

APPROPRIATION - An authorization made by the City Council through an approved budget which permits the City to incur obligations and to make expenditures of resources. Appropriations lapse at the end of the fiscal year.

ASSESSED VALUATION - A valuation set upon real estate or other property by the County Appraisal District to be used as a basis for levying taxes.

BOND - A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BUDGET - A plan of operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

CAPITAL BUDGET - A plan of proposed expenditures for major improvements, equipment, vehicles, or machinery that results in the acquisition of assets with a useful life of more than one year.

DEBT SERVICE - The City's obligation to pay principal and interest on bonded debt according to a predetermined payment schedule.

DELINQUENT TAXES - Taxes that remain unpaid after the date on which a penalty for nonpayment is attached. Tax statements are mailed out in October and become delinquent if unpaid by January 31st.

DEPARTMENT - A specific functional area within the organization.

DEPRECIATION - The process of estimating and recording the expired useful life of a fixed asset which is used to distribute its cost over its revenue producing years.

EFFECTIVE TAX RATE – State law in Texas prescribes a formula for calculating the effective tax rate for cities. The net effect of the formula is to provide a tax rate that goes down when property values rise (and vice versa) to generate a rate that produces approximately the same revenue as the year before. The formula makes adjustments for additional debt service, newly annexed property and newly constructed property. If the proposed tax rate exceeds the effective tax rate, State law requires that special notices must be posted and published. If the increase is more than 8%, the increase above 8% is subject to a possible rollback election by the voters.

ENTERPRISE FUND - A fund established to finance and account for operations (1) that are financed and operated in a manner similar to private business enterprises -where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purpose.

EXPENDITURES - If the accounts are kept on the accrual basis this term designates total charges incurred, whether paid or unpaid, including expenses, provision for retirement of debt not reported as liability of the fund from which retired, and capital outlays. If accounts are kept on the cash basis, the term covers only actual disbursements for these purposes.

EXPENSE - Charges incurred, whether paid or unpaid, for operation, maintenance, and interest, and other charges which are presumed to benefit the current fiscal period. Legal provisions sometimes make it necessary to treat as expenses charges whose benefits extend over future periods.

FISCAL YEAR - An accounting period, typically twelve months, to which the annual budget applies and at the end of which a city determines its financial position and results of operations. The City's fiscal year is October 1 through September 30.

FIXED ASSETS - Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

FUND - An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on in accordance with special regulations, restrictions, or limitations.

FUND BALANCE - The excess of a fund's assets over its liabilities.

GENERAL FUND - The fund that is available for any legal authorized purpose and which is therefore used to account for all revenues and all activities except those required to be accounted for in another fund. Note: The General Fund is used to finance the ordinary operations of a governmental unit.

GENERAL OBLIGATION DEBT - Tax supported bonded debt which is backed by the full faith and credit of the City. In Texas, G.O. bonds must be authorized by public referendum.

GOAL - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless; that is, it is not concerned with a specific achievement in a given period.

PERSONNEL EXPENDITURES - For the purpose of budgeting, this term refers to all wages and related items: regular pay, longevity pay, social security, life insurance, retirement plan contributions and health insurance.

PROPERTY TAXES - Used to describe all revenue received in a period from current taxes and delinquent taxes. Property taxes are levied on both real and personal property according to the property's valuation and the tax rate.

REVENUE - The yield of taxes and other monetary resources that the City collects and receives into the treasury for public use.

REVENUE BONDS - Bonds of the City which are supported by the revenue generating capacity of the electric, water, wastewater and gas systems.

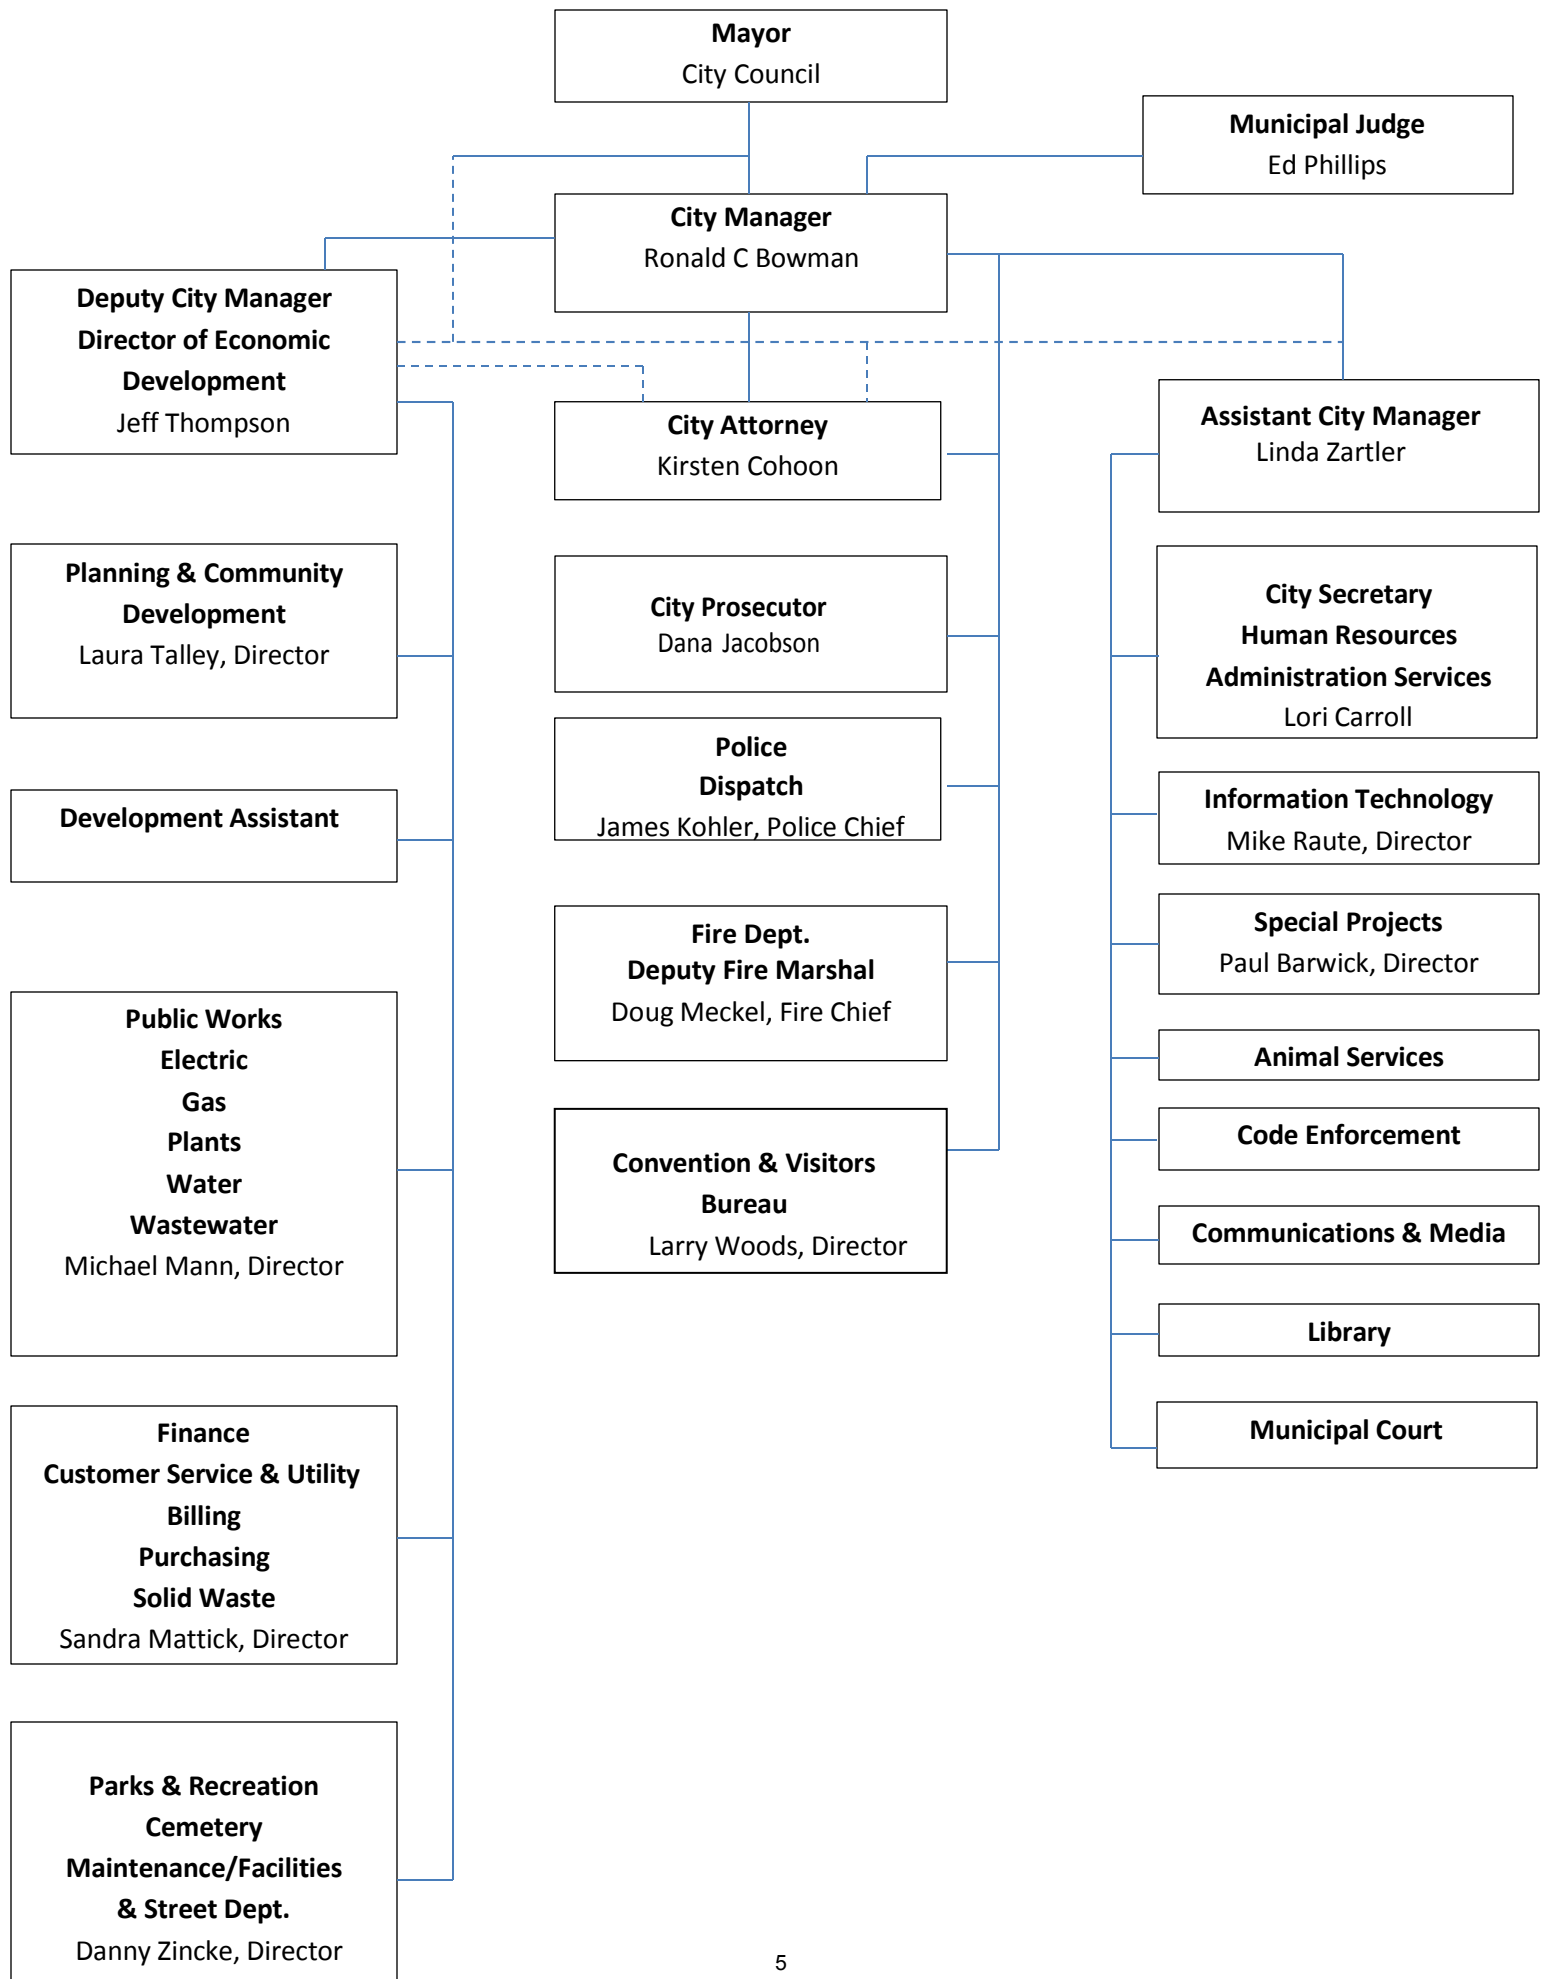

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditure for specified purposes.

TAX BASE - The total value of all real, person and mineral property in the City as of January 1st of each year, as certified by the County Appraisal Board. The tax base represents net value after all exemptions.

TAX RATE - Total tax rate is set by Council and is made up of two components: debt service and operations rates. It is the amount levied for each \$100 of assessed valuation.

TAX ROLL - The official list showing the amount of taxes levied against each taxpayer or property.

TRANSMITTAL LETTER - A general discussion of the proposed budget presented in writing as a part of the budget document. This letter explains principal budget issues against the background of financial experience in recent years.
