<b>SUMMARY</b>	<p>Every year, our insurance company Texas Municipal League Intergovernmental Risk Pool (TML) conducts an audit of our Natural Gas Utility regulatory compliance prior to the formal visits we receive from the Railroad Commission of Texas (RRCT) Office of Pipeline Inspections.</p> <p>This year, TML awarded us a perfect score of 100 percent. The utility received scores of 99, 99, 100, 100, and 99 percent in the five prior years – a very good record.</p> <p>As an aside, we also received notification from the RRCT that they found no areas of concerns or violations in a specialty audit they performed this year regarding our Operator Qualification Program.</p>
