Owner: City of Boerne
Project: Replace VIVDS Detection System
Location: Old San Antonio & Herff

We are pleased to submit to you our quotation for the work items indicated below:

ITEM	DESCRIPTION	QUANTITY	UNIT	UNIT PRICE	AMOUNT
OPT #1	REPLACE VIVDS DETECTION SYSTEM	1.00	LS	17,000.00	17,000.00
OPT #2	REMOVE VIVDS SYS & REPL WITH RADAR SYSTEM	1.00	LS	28,000.00	28,000.00

NOTES:

We offer pricing for two options to replace the existing VIVDS detection system at the Old San Antonio & Herff signal intersection. Option #1 consists of replacing the VIVDS system with a new 4-camera VIVDS system to include replacement of VIVDS cables. Option #2 consists of replacing the VIVDS system with four radar presence detectors (RPDD's) to include radar cables. Pricing is contingent upon the existing conduit system being in adequate shape to allow for cable replacements.
