PUBLIC HEARING

5. [2019-214](#) Consider the proposed replat of Oak Park Addition (1st), Block 4, Part of Lot 1, .6483 acres located at 441 Oak Park Drive (creating one additional lot) (KAD No. 24894).

Chairman Davis opened the Public Hearing at 6:05 PM

Ms. Laura Talley clarified information regarding the proposed replat and stated the replat would only be to create one additional lot. The Public Hearing is simply for notification purposes. No action is necessary.

Mr. Travis Roberson, 313 Frey Street and the developer for this property, described the current property as an old gas station and the plan to renovate the existing structure and add a bedroom which triggered platting.

Chairman Davis closed the Public Hearing at 6:08 PM

6. [2019-216](#) Consider the proposed creative alternative for parking for Boerne Station Business Park Development Plat, a 1.2 acres lot located at Outlot 55 on Ebner Street (KAD No. 20071). Take necessary action.

Mr. Nick Colonna explained the request for the creative alternative for parking in the front of the building. The developer wants to take advantage of the site to maximize the view to the rear of the Old No. 9 trail by providing all of the parking in the front. There will be required

landscaping and dedicated public right-of-way. Staff is supportive and recommends approval.

Commissioner Gleason asked about the wall in the site plan. Mr. Colonna stated it would be an architecture feature.

Mr. Roberson explained the wall would be approximately four feet in height and set as a headlight break for cars parking behind it. Mr. Roberson is granting right-of-way to include sidewalk, curb and would like to eventually include a new trail-head near the development. The location is the original depot site and the buildings are modeled after it.

Commissioner Chapman mentioned the possible increased interaction right outside of the property as the development will be built along the trail system. In addition, having the development pushed back from the street allows for a buffer to the homes across and near the property.

Commissioners were supportive of the development and stated the requirement for the four foot tall wall to be built to minimize headlights of cars parking and work as a buffer for neighboring properties.

COMMISSIONER GLEASON MADE A MOTION TO APPROVE THE CREATIVE ALTERNATIVE FOR PARKING FOR BOERNE STATION BUSINESS PARK DEVELOPMENT PLAT, A 1.2 ACRES LOT LOCATED AT OUTLOT 55 ON EBNER STREET (KAD NO. 20071). COMMISSIONER DUNNING SECONDED THE MOTION. THE MOTION CARRIED BY THE FOLLOWING VOTE:

Ms. Susana Ramos explained the request for the preliminary plat. The property currently has commercial businesses located in the front and industrial businesses located in the rear. There are two acres of the

property located in the ETJ. The plat meets the requirements of the ordinance. Staff is supportive and recommends approval.

Commissioner Chapman asked regarding any water well systems located on the property. Ms. Ramos stated the property owner will be connecting to city water. The property located in the ETJ would need to be annexed if or when there is a request from the property owner to service those two acres with city utilities.

COMMISSIONER GLEASON MADE A MOTION TO APPROVE THE PRELIMINARY PLAT FOR BUIE SUBDIVISION (TWO COMMERCIAL LOTS) (8.658 ACRES) LOCATED AT 30775, 30875, 30975 AND 30975A IH-10 WEST (KAD NOS. 63761, 12202, 12288, 12242, 12243).
