

Process	Work Done By	Unit Price Per SQY	Life	Cost to do 2019 Proposed Streets
Chip Seal	CoB Crews	\$ 1.00	5-8 Years	\$ 51,051.00
E-Flex	Intermountain Slurry	\$ 3.68	3-5 Years	\$ 187,867.68
Mill & Overlay	United Asphalt	\$ 17.10	10-12 Years	\$ 872,972.10

Proposed Chip Seal Streets for 2019		Chip Seal	
Location	SQY's		
Esser Road - from River Road to Blanco	17224		
Rosewood - from Esser to Main	16906		
Schryver- from Irons to W Theissen	5400		
Herff St. - from Irons to W Theissen	2696		
E Highland Dr. - from Schweppe to Main	2605		
Total SQY's	51051		

SQF That Can Be Constructed For 2019 Budget of \$ 52,000	% of Proposed Work That Can Be Done For 2019 Budget of \$52000
52,000.00	102%
14,130.43	28%
3,040.94	6%

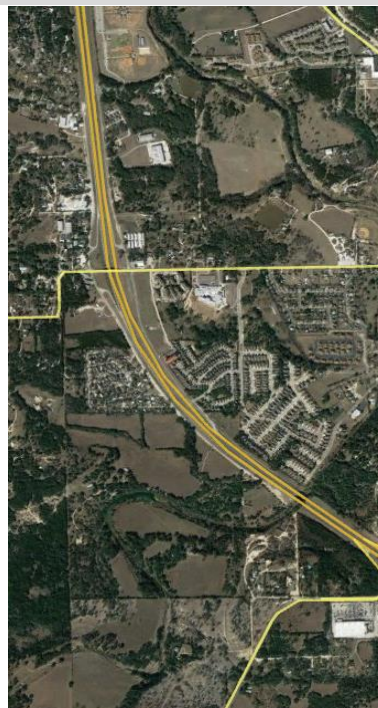

Pros

Short downtime 30-45 min, low cost, seals cracks up to .5", CoB owns equipment, done in house.

No loose gravel, gives road a dark color and new appearance for 3-5 years,

New smooth road surface, no loose gravel,

E-Flex

Cons
Rough driving surface, loose gravel, fades quickly
won't work on cracks >.25", up to 8 hour cure time, requires minimum contract of \$200,000 to get this price.
Expensive up front cost, longer application time, minimum of \$200,000 to get this price.

Mill & Overlay
