Mayor Pro Tem Woolard called on Ms. Molly Solis, City Attorney and Ms. Laura Talley, Planning and Community Development Director. Ms. Solis stated that the agenda item suggested consideration of adoption of an annexation plan. The City approved an Annexation Plan in 1999, which will cover the properties under consideration, therefore it is not necessary that the City Council adopt another plan. Only the resolution must be considered. Ms. Solis discussed the pending legislation of House Bill 347 which will eliminate most unilateral annexation by a Home Rule City. The Bill has passed the House with a 2/3 vote and is now pending in the Senate. If HB 347 passes by a 2/3 vote in the Senate, it would become effective immediately. City Council will need to approve Resolution No. 2019-R31 prior to the passing of the HB 347 in order for the City to proceed with the annexation of the properties identified. Ms. Talley stated that in addition to the properties originally identified on the Annexation Strategy Map which the City Council approved on April 9, 2019, Staff is recommending additional properties around Boerne Lake be annexed. It is

Staff's recommendation to offer those properties in the lake area non-annexation agreements. Ms. Tally reminded the City Council that non-annexation agreements offer the property owner the option to continue ETJ status and delay annexation until the property is developed or the use is changed. These agreements can be up to 45 years in length. With the passage of Resolution No. 2019-R31, the 90 day annexation process begins. The Resolution sets the dates and times for the required public hearings which will be May 28, 2019 and June 11, 2019. Notification to the property owners will be sent within 10 days of the Resolution being passed.
