

This is an aerial photograph of a residential area. A red outline highlights a specific property, which is a large, irregularly shaped lot. The property is located in the center-right of the image. To the left of the property, there is a residential development with several houses and a road. A blue line, representing a creek, flows from the left side of the image towards the center. The map includes a legend in the bottom-left corner, a scale bar in the bottom-center, and a north arrow in the top-right corner. The legend identifies the red outline as the 'Subject Property' and the blue line as 'Creeks'. The scale bar shows distances from 0 to 0.4 miles. The north arrow points towards the top of the image.

Legend

- Subject Property
- Creeks

0 0.05 0.1 0.2 0.3 0.4 Miles
