Helping Grow Communities

Our solution is designed specifically to meet the needs of smaller, growing cities and counties — delivering the tools you need to streamline processes and empower citizens and staff.

Empowers citizens to submit requests and pay for permits and licenses online

Allows employees to access the module from any device

Reduces inspector travel to and from the office

Decreases inspection completion time

Provides real-time information with automated data sync

Effectively maps and routes inspections with Google Maps™ integration

Streamlines workflow between the office and the field

Integrates fully with other Incode® applications
