SUMMARY	<p>The property under consideration is being permanently zoned Industrial. Upon approval of the permanent zoning, the owner is requesting a Use of "Automobile Service with Outside Storage". Automobile Service is allowed in an Industrial district, but the Outside Storage which is part of the proposed use does require City Council approval. The property owner, Vic Vaughn, would like to build a collision repair facility that will serve as an extension of the Toyota of Boerne dealership.</p> <p>The Future Land Use Plan identifies this area to be Business / Office Park. The Business / Office Park category is intended be developed to support various employment opportunities related to light manufacturing, light industrial, or warehousing uses, all primarily consisting of indoor uses. These areas are strategically located with easy access to I-10 to maximize opportunities for new development and ease of access for big trucks.</p> <p>Per the Comprehensive Master Plan, the appropriate primary uses allowed in areas designated as Business / Office Park include assembly uses, automobile sales and services, brew pubs and night clubs, convenience stores, contractor services, funeral homes or mortuaries, large vehicle sales and services, manufacturing (indoor operations), mini-warehouses, offices (including medical), trade schools, and</p>

	<p>warehouse retail and wholesale uses. Appropriate secondary uses include such things as local utility services, government facilities, and transportation uses.</p> <p>The Use of Automobile Service is permitted in the Industrial District, but the outside storage does require City Council approval. Staff feels that this Use is appropriate for this site and is consistent with the Future Land Use Plan. This use would be consistent with the neighboring uses along the corridor.</p> <p>Staff recommends approval of the Use and the Planning and Zoning Commission recommended approval of the Use by a vote of 6-0 with one recusal.</p>
