### SUMMARY

The current fiscal year budget includes funding for two 3/4 –ton crew cab pickup trucks for use by Streets Department Operations personnel. The City's purchasing department obtained various informal bids for the vehicle to satisfy our purchasing policy.

The best value was from Caldwell Country at a cost of \$34,375.00 each, for a total of \$68,750.00 (similar to photo). There will be some minor additional cost to add aftermarket accessories such as safety strobes, tool boxes, brush guards, etc. But the total budget for these units is \$81,500, so this proposed purchase is well within available budgeted funds.

	Since the total cost of this purchase is greater than \$15,000, specific approval for the purchase by the Council is required per the City Charter. Staff recommends the Council authorize the City Manager to proceed with the purchases.
