

Easement notes

All properties designated as easements shall or may be utilized for the following purposes:

Drainage Easement:

Drainage, water diversion and sanitary control, including without limitation, walls, bed, embankments, spillways, appurtenances and other engineered devices (the "drainage system").

Together with the right of ingress and egress over passable areas of the grantor's adjacent land, when the delineated entrance point that abuts public right of way is obstructed and/or inaccessible, either in whole or in part, in order to access or leave the easement for the purpose of constructing, reconstructing, inspecting, patrolling, operating, maintaining, repairing, and removing the drainage system; the right to change the size of the drainage system within the easement; the right to relocate along the same general direction of the drainage system; the right to create and/or dredge a stream courses, refill, or dig out such stream course, establish or change stream embankments within the easement, install storm sewer systems, culverts, water gaps, and protecting rails; the right to remove from the easement all trees and parts thereof, or other obstructions, which reasonably endanger or may reasonably interfere with the efficiency of the drainage system; and the right to place temporary structures for use in constructing or repairing the drainage system.

With respect to the drainage system, it is expressly agreed and understood by all parties hereto, that the intention is to improve conditions of sanitation and water drainage control on the property for the benefit of the property, adjacent property and the community, but the city does not guarantee or warrant that such control work will be effective, nor does the city assume any additional liability whatsoever for the effects of flood, standing water or drainage on or to the property or any other property or persons that might be affected by said stream, wash or gully in its natural state or as changed by the city.

- The grantor specifically reserves the right to use all or any part of the easement for any purpose, which does not damage, destroy, injure, and/or unreasonably interfere with the grantee's use of the easement.
- The grantee shall make commercially reasonable efforts to ensure the damage to the property is minimized and will at all times, after doing any work in connection with the drainage system, restore the property to the condition in which the property was found before such work was undertaken to the extent that such restoration is reasonable in accordance with the grantee's usual and customary practices.
- The grantee shall make necessary modifications and improvements to conform with the city of boerne drainage policy and plan at such a time as the said plan and policy are enacted by city council of the city of boerne, texas.

Utility easement:

Utilities, including, without limitation, sewer, water, gas, electricity, telephone and cable television, with all necessary and/or desirable lines, laterals and/or appurtenances thereto (the "utilities").

Together with the right of ingress and egress over passable areas of the grantor's adjacent land, when the delineated entrance point that abuts public right of way is obstructed and/or inaccessible, either in whole or in part, in order to access or leave the easement for the purpose of constructing, reconstructing, inspecting, patrolling, operating, maintaining, repairing and removing the utilities; the right to place new or additional utilities in the easement and to change the size of the utilities within the easement; the right to relocate along the same general direction of the utilities; the right to remove from the easement all trees and parts thereof or other obstructions, which reasonably endanger or may reasonably interfere with the efficiency or operation of the utilities; and the right to place temporary structures for use in constructing or repairing the utilities.

- The property owner retains the right to use all or any part of the easement for any purpose which does not damage, destroy, injure and/or unreasonably interfere with the use of the easement. However, the easement shall be kept clear of all structures or other improvements.
- The city (and/or district) shall make commercially reasonable efforts to ensure that damage to the property is minimized and the city will at all times, after doing any work in connection with the utilities, restore the property to the condition in which the property was found before such work was undertaken to the extent that such restoration is reasonable in accordance with the city's usual and customary practices.

Plat notes

Fence Notes:

- Gates across easement:double swing gates with a minimum clear opening of feet wide shall be installed wherever fences cross utility and drainage easements.
- Obstructions of drainage: adequate structures shall be provided to allow the unhindered passage of all storm and drainage flows wherever fences cross drainage easements.

Sidewalk Note:

Five-foot wide reinforced concrete sidewalks shall be installed adjacent to all street frontage property lines of each lot fronting a street at such time as that lot is developed. Roads classified as Avenues shall provide a ten-foot wide sidewalk.

Impact fee assessment note:

Assessment and collection of the City of Boerne water and wastewater utilities' capital recovery fees shall be the amount per lot as set forth in City Ordinance No. 2019-56, Section 1.10 (5)

Tax Certificate Note:

Tax Certificate Affidavit filed this date in Document No. _____, Kendall County Official Records.

Heritage Legacy Tree Note:

There are eighteen (18) heritage legacy trees, as defined in Subsection 2.02.002, identified on this plat.

Building Setback Note:

Lot setbacks are determined by the City of Boerne Zoning Ordinance enforced at the time of development and are based on zoning/lot size. Unless otherwise identified, the front setback for a pie shaped lot or a lot on a curvilinear street or cul-de-sac is measured wherever the lot width meets frontage requirements for the lot category.

Open Space Note:

Total open space provided shall be 5% of all building footprints and areas of impervious surface dedicated to vehicle access and parking on each lot.

Landscape Note:

Residential lots in excess of 12,500 square feet shall only irrigate the area that lies within 75 feet of the main residence. Turf grasses shall be limited to Zoysia, Buffalo or Bermuda grasses or other grasses approved by the City Manager or his or her designated representative. (Ord. No. 2004-20). Xeriscaping is permitted as described in the City of Boerne Zoning Ordinance, Article 3, Section 3.07.003D.

Floodplain Note:

According to Community Panel No. 48259C0415F, dated December 16, 2010 of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM), the subject tract is located within Zone "X" (un-shaded) which is defined by FEMA as "areas determined to be outside the 0.2% annual chance floodplain," commonly known as the 500-year floodplain. Zone "X" (un-shaded) is outside of any FEMA established flood hazard zone. All zone delineations shown hereon are approximate. This flood statement does not imply that the property and/or the structures thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This flood statement shall not create any liability on the part of Kimley-Horn or the undersigned.

Drainage Basin Note:

The subject area is not upstream from a City water supply lake.
