(CT 17 Herff Land LP)

Mayor Schultz opened the Public Hearing at 6:08 p.m.

Jim Beene, 12 Herff Road stated he owns the property across the road from the proposed development. His family has owned the property for 56 years. He stated that he has pulled from the Boerne Star archives, articles regarding Herff Road and quoted a few of the statements from the newspaper. The new Herff Road was designed to include potential development. He was in favor of the proposed development.

Wayne Ashabrane, Fair Oaks Ranch stated that he was in favor of the development as it will be a one of a kind development which will be designed to protect the environment.

Everett Hubbard, 114 Hughs Street stated his home is across from the Herff Farm. Developer has spent countless time and dollars towards this development. Suggested other zoning options for the property. He was not in favor of the proposed zoning.

Baron Houser, 112 E. San Antonio stated he is the Chairman of the Chamber of Commerce and a local home builder. He stated that he grew up in Boerne not far from the location of the proposed development. He asked the members of audience to stand if they were in favor of the zoning. He spoke in favor of the proposed zoning.

Pam Parish, 340 Marvil Lee Drive, Chair of Boerne Kendall County Economic Development Corporation (BKCEDC) encouraged approval of the proposed

zoning. This development meets the goal of the City to attract live, work, and play. She spoke for the investors of the BKCEDC in support of the proposed zoning.

Sutton Houser, 329 Derby Drive stated that he has been a camp counselor at the Cibolo Nature Center (CNC) for many years. Single family homes would limit access to the CNC. He was in favor of the proposed zoning.

Tommy Mathews, 106 Busby Road stated he owns a business on Shooting Club Road. He has been a resident of Boerne since 1967. He has seen Boerne grow and change. He has been involved with water issues in the community during his career. He met with the developer and he and engineers in his office have reviewed the development plan and feels the plan meets and exceeds standards for water quality. He is in support of the proposed development.

Ann Dietert, 106 Green Meadows has concerns with traffic on Herff Road and the increased number of cars the proposed development will bring to Herff Road. She purchased her home 20 years ago and Herff Road was a small two lane road with a low water crossing. The proposed development will only have access from Herff Road and is not appropriate for high density. City Council can preserve the Cibolo Creek and other waterways in Boerne. She opposed the proposed zoning.

Bob Vollmer, 524 N. School Street spoke in opposition to the proposed zoning. He stated that there are other options for zoning for the site. He suggested R-1 which would eliminate concerns. He asked that those in the audience who are opposed to the zoning to stand up.

Dani Vollmer, 524 N. School Street spoke in opposition to the proposed zoning. Not everyone has the same vision of Boerne. The old Boerne was slower paced. Developers want to change things to their benefit. Boerne is a good place to live. Not everyone values the Cibolo Creek as our heritage. The property should develop with less density. Staff should stick to the Master Plan.

Emily Weiner, District 4 stated that she strongly opposes the recommended

zoning. The proposed development is an over dramatic departure of the vision of the citizens of Boerne as reflected in the Master Plan. She presented a petition signed by over 1,200 concerned citizens and people who love our town. She commends the efforts of Mr. Riddle.

Phil Hunke, 107 Summit Pass stated he is a Boerne business owner, a supporter and contributor of the CNC, and on the executive board of the BKEDC. He is confident that Cibolo Creek will not be harmed by the proposed development. He is the owner of the Hill Country Square Shopping Center and is currently in negotiations with more than one national tenant to come in as a retail store. These types of businesses will keep citizens from doing business elsewhere. He spoke in favor of the proposed zoning.

Carlin Friar, 125 Cabin Springs stated that he has lived in the Boerne and Leon Springs area for 46 years. Growth happens and he would not live in a place that is not desirable. He applauds the City, County, and BKCEDC and how they work together. He looks forward to work, live, and play developments. He is in favor of the proposed zoning.

John Schilhab, 306A FM 474 stated that he is the Chairman of the Friends of Cibolo Wilderness. This Board is non-profit and is highly engaged and driven by high profile people and have many visitors each year. He does not oppose the development. He feels the City Council will use restrictive covenants and will be environmentally responsible.

Kendra Vita, 224 Oak Knoll Circle spoke on the importance of adhering to the Master Plan. She and her husband have spent time with the developer, City Staff, and City Council Members. It is apparent that 17 Herff will have a domino affect on the area. She requested that the zoning be denied and remanded back to the Planning and Zoning Commission.

Scott Wilson, 220 School Street owns a City tax paying business and is in favor of the proposed zoning. He lives in the City on Cibolo Creek and believes that the zoning is proper. He has respect for the volunteer members of the Planning and Zoning Commission and urges the City Council to approve their recommendation.

Glenn Cummings, 120 Doeskin stated that he is opposed to the project. He feels that it is not a bad project, it is just not the right place for it. The City should purchase the property under consideration. He volunteers at the CNC and Herff Farm and they are an important part of the City.

David Kruse, 8 Someday Drive has lived at this address all his life. He mentioned the 70+ students that came together last Friday to send a red flag to the elected officials that 17 Herff Road is environmentally sensitive. People come to Boerne not for restaurants or apartments. He is opposed to the proposed zoning.

Mark Mason, 126 Spring Creek Road spoke in opposition to the proposed zoning and asked that the issue be remanded back to the Planning and Zoning Commission since the proposed zoning is not addressed in the Master Plan.

Frank Valadez, 114 Mountain Springs Road spoke in favor of the proposed zoning. He is an architect for the development. He feels the developers are consciensious of the land and will create a great city center.

Randy Davila, 105 Dry Creek has a daughter that is in high school. He is in support of the project because of the great care taken to protect the Cibolo.

Liza Linder, 128 Covenry Trail stated that she is emotionally attached to the site as her parents purchased and restored the home on the property. Boerne's growth is the reason her parents moved. She wants to ensure the property would be cared for. She is not opposed to growth, but the location is not appropriate. Boerne needs more nature places for people to visit and inspire young people to preserve the land. Growth is about how we live in this community.

Charlie Riddle, 19 Thunder Valley stated that 17 Herff is private property. He is carefully following City Staff's recommendations and is actively working to preserve the Creek with help from CNC and San Antonio River Authority (SARA). The development will create a truly unique area for Boerne workers and retirees. It will be a luxury live, work, and play development.

Ben Bunker, 127 Sabine Road spoke in favor of the proposed zoning. There are City codes in place to protect the Cibolo Creek. There will be over two acres of open space in addition to landscape.

Clark Smith, 601 NW Loop 410, a representative of Kimley Horn discussed traffic from residents of apartments v. single family homes. He spoke in favor of the proposed zoning.

Bret Bunker, 205 Mustang Run has lived his entire life in Boerne and is a BISD school teacher. He has seen a lot of growth. He trusts the people who are developing the area and is looking forward to the development.

James Griffin spoke on behalf of the property owners at 17 Herff. He expressed his appreciation to the CNC. He discussed the extensive restrictions that the owners are willing to put into a development agreement.

Travis Hall, 111 Alder Woods stated that he was not for or against the proposed development. He asked the City Council to consider the resources of Boerne. He compared other cities such as Santa Fe and Carmel California to Boerne.

Jeff Haberstroh, 201 Oak Knoll Circle stated that he has been a resident of Boerne for 20 years and is a past City Council Member. He stated that high quality developments provide quality of life necessities and can establish a benchmark for future developments. He suggested that the ordinance be approved on first reading.
